

## **The XLI edition of the 24 hores Internacionals de resistència en Ciclomotors de la Vall del Tenes are postponed.**

The current situation with restrictions and new regulations on safety, hygiene and public health has changed the normal sport functioning in general and in particular sporting events with the magnitude of the **24 Hores Internacionals de resistència en Ciclomotors de La Vall del Tenes**.

After two meetings attended by members of the organization *Grup 24 Hores* together with the *Federació Catalana de Motociclisme*, the *Generalitat de Catalunya* and the *Ajuntament de Lliçà d'Amunt*, the joint decision has been taken to bet for prudence and postpone this year's edition of the iconic race.

All laws and royal decrees that determine the protocols and the recommendations to be followed have been technically evaluated and once the risk, the problems of the access to the space where is developed and the capacity and control regulations have been assessed, the decision has been unanimous, sad and hard; prudence and security must prevail.

For this reason, the *Grup 24 Hores*, the *Ajuntament de Lliçà d'Amunt*, the *Secretaria General de l'Esport* and the *Federació Catalana de Motociclisme*, have agreed to postpone the XLI edition and move it to 2021 September 3th, 4th and 5<sup>th</sup>, with the quality and excellence that an event of this magnitude deserves.

This is just a technical stop like any of the mopeds that usually participate. Surely the **24 Hores Internacionals de resistència en Ciclomotors de la Vall del Tenes** will return and they will do so with more force and more push than ever.

Lliçà d'Amunt, 2020 June 9th

**Grup 24 hores**

**Ajuntament de Lliçà d'Amunt**

**Secretaria General de l'Esport i de l'Activitat Física**

**Federació Catalana de Motociclisme**
